

Please pass a law making telemarketing illegal in Illinois. Last night we received 4 telemarketing phone calls between 5:50 and 9:15 all of which were auto dials and when we answered the phone, no one was there! This is an invasion of our privacy and should be outlawed. Telling the telmarketer that I want to be placed on the company's do-not-call list does not work when there is no one on the other end of the line!
